WEST STATION GALLERY

About us

We – WestStationGallery, are a Danish Art Gallery working with artists all over Europe. At WestStationGallery, our mission is to showcase the diverse and innovative works of Contemporary Art, by providing a platform for artists to share their unique perspectives and creations to the world.

Through mainly exhibiting European Art in Denmark thus far, we have gained recognition in the Art world and in 2023 we received the Award “Kolding CulturalPrice”. This has been the steppingstone to grow even further, and with our exhibition in Hamburg, we strive towards contributing to the vibrant Arts scene in Europe.

Practicalities

The participation of the “European Contemporary Art Exhibition” consists of a four-day exhibition (Thursday-Saturday from 10am to 12pm and Sunday from 10am to 9pm), from which our selection committee will decide on which week the artist will be exhibited. This gives us the opportunity to gather a variety of artists, which provides for an exclusive exhibition.

Additionally, each artist will have 6m² (2L x 3H). Packaging must be in a wooden box.

The price to be exhibited is 2000 € (plus VAT), which includes promotion, the setup + installation, insurance, and transportation from WestStationGallery, Lunderskov/Kolding to “Jupiter”, Hamburg, Germany. The commission on the art is 50% for the artist.

The delivery of the art is expected latest June 3rd, at WestStationGallery, Lunderskov/Kolding, DK.

In cooperation with “Hamburg Kreativ Gesellschaft”, 10% will be donated to charity.
